

CHHATTISGARH SWAMI VIVEKANAND TECHNICAL UNIVERSITY

छत्तीसगढ़ स्वामी विवेकानंद तकनीकी विश्वविद्यालय

Ref. No. CSVTU/Admn/2014/313 B

Date: 6/12/14

To

The Principal/Director
of all the Engineering Institutions
affiliated to CSVTU, Bhilai.

Sub: Regarding implementation of Spoken Tutorial Project in collaboration
with IIT Bombay under MHRD Govt. of India.

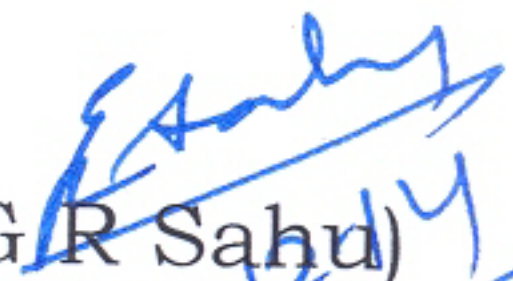

* * *

This is to bring to notice that Spoken Tutorial Project is initiated by IIT Bombay and promoted by MHRD, Govt. of India. In this regard It is requested to all the Institutes to take active role and advantage of this program by organizing free software training in your campus. The method is distance learning and it is unique as students learn by their own selves and individually. It will surely make great impact on the faculty and students in a good way.

In this context you have to assign a Faculty member who will contact the Spoken Tutorial Project team at IIT Bombay and register as organizer of the training project. Certificates will also be given to the students after completion of training from Spoken Tutorial Project, IIT Bombay.

The institute should ensure that Spoken Tutorial Project must be implemented in each semester. The report of the certified candidates under this project should be sent to the University.

A copy of the circular is enclosed herewith for more details. Shri D P Mishra, Associate Professor and HoD (CSE), BIT Durg is appointed as nodal officer for Spoken Tutorial Project. Mobile No. 7898351022.

(G.R. Sahu)
Registrar

Encl: As above

Copy to:

1. Dr A Arora, Principal BIT Durg- for information and necessary action
2. Shri D P Mishra, Associate Professor & HoD (CSE), BIT Durg.
3. PS to HVC
4. MF

IIT Bombay as Knowledge Partner -
A Govt. of India, MHRD initiative to promote ICT enabled learning

As Knowledge Partner with the Chhattisgarh Swami Vivekananda Technical University, Spoken Tutorial is offering free Software Training to teachers and students of all the colleges and Universities in Chhattisgarh state. Training on many useful and popular software, for example, Linux, LibreOffice (Open Source alternative of MS Office), C, C++, Java, Python, PHP & MySQL, Blender (Open Source alternative for 3D Max, Maya), GIMP (open Source alternative for Photoshop) etc. are being offered completely **FREE OF COST** and without the need of any expert trainers at the centers. **Certificates are also provided Free of Cost!** The sessions are relevant for all affiliated/constituent govt. and privates colleges.

The Spoken Tutorial based Software training program is in line with some key objectives of the vision of CSVTU, quoted below-- " *To bring about qualitative improvement in teaching and learning process* ".

About the Spoken Tutorial based Software Training Program :

Spoken Tutorial is a magical Audio Video teaching tool promoting ICT enabled learning. Spoken Tutorials train in simple steps moving from simple to complex levels and give practical training of the theoretical concepts. As a result students fast track their knowledge and cope better with the course. The language used is simple and the tutorials ensure that ample instructions and practice is provided to guarantee self-learning. The method is distance learning and it is unique as students learn by their own selves (SELF Learning) and individually. Though computer based, the learning and practice is completely offline once the courses are downloaded into the systems. Students listen using earphones, pause, rewind, fast forward as per their progress and in an interactive manner using simulation understand hands on the practical application of the theoretical concepts. Self Training can improve students IT/programming/simulation skills as well improve their employment potential.

Action steps from Faculty and Principals :

All you have to do is send us request for "software training" with participant's list link given below after setting a date for the first Software Training session. Please find the links below, the process is very simple but we are also there to guide you at **every step**.

Immediately write to below email ID - your full college name, address with pin code at below email ID before **15th December 2014**.

For guidance, training, any details on the Software Training please contact:
Ms. Jessie Velusamy (Training Coordinator, Spoken Tutorial, IIT Bombay)
Phone: 09819735882 E-mail ID: eloinjess@gmail.com (O): 022 25764229

For details about Spoken Tutorial Project and also for Registering Training please visit:
www.spokentutorial.org

To Register as Organiser from your College and to start the Training program latest 1st January 2015:

1. **Registration Link:** <http://spoken-tutorial.org/accounts/register/>
2. **Instructions to request Software training:** <http://process.spoken-tutorial.org/images/1/1f/Training-Request-Sheet.pdf>

3. To download the course tutorials- <http://process.spoken-tutorial.org/images/1/1b/Download-Tutorials.pdf>

Course/ Software suggestions

UG, PG Comp. Sc., IT, BCA, MCA	Java, C, C++, Perl, Python
MCA, MBA	Scilab, PHP&MySQL (Web development, Database management)
Physics, Mathematics, Statistics, Geosciences	Scilab (similar to Matlab) – Matlab costs 7-8 lakh Rs. Scilab is free
Chemistry, Bio Sciences	JMol, GChempaint (understand molecules and chemical structures)
Economics, Social studies, other Liberal Arts	Linux, LibreOffice (like MS-Office)
Animation and Multimedia	Blender, GIMP, Inkscape, Audacity
PG, PhD students and Teachers	LaTeX – best for report writing
